

# Rural Nursing Pathways in Practice

Equip and enrich your rural career

Rural Nursing Pathways in Practice (RNPIP) is a collection of professional development resources designed for all rural nurses to equip and enrich your career. Whether you're new to rural and regional nursing or have years of experience, you'll find a way to refresh, learn and grow.

## RNPIP opportunities available to rural nurses

### E-learning modules: clinical assessment in the rural context

Topics to refresh and empower clinical skills and communication:

- Adult A-G systematic assessment
- Paediatric A-G systematic assessment
- Respiratory assessment
- Abdominal assessment
- Neurological assessment
- Cardiac assessment

To access RNPIP e-learning, log-in to [My Health Learning](#) and search *RNPIP* or course code 428776918.

### Postgraduate scholarships

Enhance and advance your rural career with a scholarship for postgraduate studies in rural generalist or aged care nursing.
