## NSW Population Health Survey 2013 - Questionnaire

Question Code	Question Name	Notes	Age Groups	Question	Question Skips
INT5	Consent	Existing	All	<p>Your help with this survey would be voluntary. All that is involved is answering some questions about your health/your child's health, wellbeing and use of health services. The interview takes around 15 to 20 minutes. You can stop at any time or simply refuse to answer a question should you prefer. During the interview my supervisor may listen in for quality control purposes only. Please be assured that all the answers to questions remain completely confidential, except where you volunteer information that we are required to report by law.</p> <p>[PROMPT IF NECESSARY: All the answers that you give to the questions remain completely confidential. However if you tell us additional information about breaking the law or that suggests a child is being abused or neglected, then we are required to report this to the appropriate authority such as the Department of Community Services.]</p> <p>The information from this survey will be used to help improve health services for people in your area and across the state, so your help is very important to us.</p> <p>1 Yes 2 Yes, but not available now [MAKE APPOINTMENT - CTRL-END] R Refused</p>	Skip: TGB if (INT4=3) Skip: DEM7 if (INT4=4)
DEMZ	Start of demographics 1 age and sex (skip only)	Existing	All		
DEM2	Child respondent's age (coded)	Existing	Child	<p>Could you please tell me how old child is today?</p> <p>[NOTE: IF RESPONDENT DOES NOT GIVE CHILDS AGE SURVEY WILL TERMINATE]</p> <p>We summarise all the information we collect according to people's age groups so it is important that we have information about the age of people we are interviewing. We will not be able to conduct the survey unless we know your child's age.</p> <p>1 Age in months and weeks (0-23 months only) 2 Age in years -&gt; DEM2c X Don't know -&gt; TGB R Refused -&gt; TGB</p>	Skip: TGB if (INT5=R) Skip: DEM2b if (CHILD=2) Skip: DEM2b if (PROXY=1) Skip: TGB if (DEM2=X) Skip: TGB if (DEM2=R)
