NOTES

The terms used in this form are defined in clause 1.1 of the Agreement

The planned transfer of Involuntary Patients between Queensland and NSW is governed by s354 and s355 of the *Queensland Act* and s176 and s179 of the NSW Act and by Part 7 of the Memorandum of Agreement On Planned Interstate Transfers and the Apprehension and Return of Interstate Persons between the two States. The Ministerial Agreement can be accessed at: <https://www.health.qld.gov.au/clinical-practice/guidelines-procedures/clinical-staff/mental-health/act/agreements> or <http://www.health.nsw.gov.au/legislation/Pages/agreements.aspx>

The planned interstate transfer of a Patient can only occur with the prior approval of the proposed Receiving Facility. This form notifies the proposed Receiving Facility and seeks the approval of the relevant Interstate Authority to the proposed transfer. The approval must be in writing, endorsed on this request. When signed by both parties, this form authorises the Patient's transfer to the Receiving State.

TRANSFERS FROM QUEENSLAND TO NSW

The planned transfer of a Patient from Queensland to NSW under s354 of the Queensland Act and s179 of the NSW Act must be approved by the Administrator of the Queensland Referring Facility and the Medical Superintendent of the NSW Receiving Facility and be in the form of an **Interstate Transfer Notice**.

The Administrator of the Referring Facility may approve the transfer if satisfied that:

- (a) ...the transfer is in the best interests of the person, including, for example, enabling the person to be closer to the person's family, carers or other support persons;
- (b) ...appropriate treatment and care is available for the person at the Receiving Facility.

The Medical Superintendent of the Receiving Facility may not accept the transfer of a person unless the Medical Superintendent considers that it is likely that the person is a mentally ill person or a mentally disordered person

The **Interstate Transfer Notice** must accompany the Patient at the time of the transfer. The Patient will cease to be subject to the Queensland Treatment Authority once they have left Queensland.

From the time of the Patient's arrival at the NSW Facility, the Patient will be dealt with as if they are an Involuntary Patient under the NSW Act.

TRANSFER FROM NSW TO QUEENSLAND

The planned transfer of a Patient from NSW to Queensland under s176 of the NSW Act and s355 of the Queensland Act must be approved by the Medical Superintendent of the NSW Referring Facility and the Administrator of the Queensland Receiving Facility and be in the form of an **Interstate Transfer Notice**.

The Administrator of the proposed Receiving Facility may approve the transfer if satisfied that:

- (a) ...the transfer is in the best interests of the person, including, for example, enabling the person to be closer to the person's family, carers or other support persons;
- (b) ...appropriate treatment and care is available for the person at the proposed Receiving Facility; and
- (c) ...an Authorised Doctor is likely to consider, on the person's admission to the Authorised Mental Health Service, that:
 - (i) the Treatment Criteria apply to the person; and
 - (ii) there is no Less Restrictive Way for the person to receive treatment and care for the person's mental illness.

The **Interstate Transfer Notice** must accompany the Patient at the time of the transfer. The patient will cease to be a Patient under the NSW Act once they have been admitted as a Patient of the Authorised Mental Health Service.

Under s 355 of the Queensland Act, on arrival at the Queensland Authorised Mental Health Service the person must be assessed by an Authorised Doctor to decide whether to make a Treatment Authority for the person. The person may be detained for assessment for a period of not more than 6 hours starting when the person arrives at the Authorised Mental Health Service
